Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	**Eggs**	
INPUT	**PROCESS**	**OUTPUT**
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
The user will input the amount of eggs they wish to purchase.	The program will sort the amount of eggs into a dozen and charge accordingly depending how many dozen eggs. The program will also calculate the price of extra eggs, and the total of the bill.	The program will output the total of the bill.
