1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	**Pizza Cost**	
INPUT	**PROCESS**	**OUTPUT**
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
The user will input the diameter of their pizza in inches	The program will calculate the cost of making the pizza, adding 0.75 cents for labor cost, plus another 1.00 dollar per pizza and add 0.05*diameter*diameter to the total	The program will output the cost of making the pizza
