Instructions:

1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	**Perfect Integers**	
INPUT	**PROCESS**	**OUTPUT**
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
The user will input the number of pennies, nickels, dimes, and quarters they wish to add up	The program will take the entered amount of coins and add the corresponding value of each coin with the amount of each coin that the user entered.	The screen will display the total value of the coins in dollars.
